## VAN DYCK FLOORS

**BEIGE 43**

**RUST 14**

**TURQUOISE 32**

**BLUE 79**

**BROWN 45**

**CHARCOAL 98**

While every effort has been made to replicate colours in print, some slight variance may occur. Please refer to sample swatches for accurate colour references.

### Maintenance

Enhance the performance and appearance of your carpet by following these steps: • Use quality walk off mats. • Vacuum thoroughly and frequently. • Remove spills and marks immediately. • General clean by a Qualified Cleaner.

### >> Helpful Hint

Whilst the light colours in the range are extremely attractive, they are high maintenance. They show soil quicker than darker colours and need frequent cleaning. We accept no liability on soiling, as this is maintenance related and not a manufacturing defect.

	TUFTED PRINTED LOOP PILE BROADLOOM
Pile Fibre	100% Nylon Imprel®
Backing	Action Back
Fibre weight	640gsm
Total weight	1700gsm
Total thickness	6mm
Location grade	Heavy Commercial

Pattern repeat	196cm (W) x 295cm (L)
Width/Size	4m
VOC Rating	Meets requirements of green star rating (GBCSA criteria)
Country of Origin	Manufactured in Belgium by The Balta Group

### Bill of Quantities

ALETHEA (colour name), tufted printed loop pile broadloom made from 100% Nylon Imprel® fibre by Van Dyck Floors, laid in accordance with the code of practice for the installation of textile floor coverings (SANS 10186).

### Satisfaction

Due to dye lot variations and machine settings, actual material may vary from the sample. However this variation is kept within exacting standards as laid down by SANS 1375. Construction of some carpet may involve the occurrence of shift lines across the width of the carpet. Certain light sources shining across the surface may emphasise the effect of shadow lines. These are not a manufacturing defect and will not detract from the carpet's performance.

### Colour Variance

Care must be taken when ordering or installing carpeting in individual areas, as carpeting, like all textile products, is subject to shade variation between batches.

### CAUTION:

Colour fastness to light: Dyes are selected for their performance and repeatability to commercial standards, but colours can fade when exposed to harsh, direct sunlight. Adequate precautions must be taken to protect the carpet against such exposure to prevent premature fading or damage.

### Furniture

Place protectors or carpet off-cuts under furniture to prevent crushing of carpet pile and eventual damage to the backing. Rearrange furniture from time to time to allow pile to recover and change traffic paths. Use carpet protector mats for chairs with castor wheels.

#### Balta

This carpet is manufactured by Balta, one of the leading producers of floor coverings in Europe, and imported and distributed by Van Dyck Carpets exclusively.

#### 5 year guarantee

This carpet is guaranteed by Van Dyck Floors for a period of five years against any latent defect in the manufacturing process. Claims will be treated in accordance with the South African Carpet Manufacturers Standard Claims Policy. However, carpets must have been maintained and cleaned according to Van Dyck Floors' written instructions.

#### 10 year warranty

Van Dyck Floors (Pty) Ltd offers a 10 year limited warranty against excessive fibre wear on this carpet.

#### ISO Certification

Van Dyck Floors quality and environmental management systems are certified to SABS 9001 and SABS 14001 respectively. This is your assurance of our commitment to maintain the highest international quality standards.

#### Torture Tunnel Tested

Every carpet manufactured by Van Dyck Floors undergoes this unique test during which it is subjected to 75 000 footsteps.

#### Anti-allergenic

Carpeting helps trap dust and irritants, which can cause allergies. These can then be removed by regular vacuuming.
